

Afure Onekpe, Director

Founder, Assoc. of Energy Engineers (AB)

Afure has over 15 years Environmental, Energy and Engineering experience. She is the Founder of the Association of Energy Engineers Alberta Chapter (AEE) and a board member. Afure is the Assistant Director International Member Development for Awards. She is a director at MICONE Consulting Inc. Afure serves as a Director in the board of Alberta

Energy Efficiency Alliance (AEEA) and she is the Chair of the Membership Committee. Afure also serves in the Canadian Institute for Energy Training (CIET) Certification Board. Afure has also served as the CAPP representative for the NPRI Multi-stakeholder committee. She has greatly influenced Energy Efficiency, Regulatory and Environmental Compliance in Canada and the United States through her involvement and promotion of programs, policies and advocacy.

Afure has a Master's degree in Civil and Environmental Engineering from Carnegie Mellon University, and a Bachelor's degree in Industrial Chemistry and Chemical Engineering. She is a Certified Energy Manager (CEM), a Certified Energy Auditor (CEA), a Certified Environmental Professional (EP) with a specialization in Energy, Sustainability, GHG/Air and Water, a Certified RETScreen Expert (CRE), a Certified Enterprise Program Manager (EPM) and a Canadian Sustainable Energy Practitioner (CSEP).

Afure has successfully developed an Energy Management Hub and promoted Energy Efficiency in Canada. She has successfully helped organizations with regulatory and environmental compliance in US and Canada. Her experience and connections in the Canadian market has delivered unparalleled insights into the Energy Efficiency Programs. Afure has a record of accomplishment of influencing industries in switching to energy efficient products/programs aimed at reducing GHG emissions.

She has excellent track record of success in helping industry assess, reduce and forecast their GHG emission. She is brilliant and often finds new solutions to intellectually challenging problems. She recently won the prestigious international Award- 2019 Young Energy Professional of the Year.
