

David Conn, Chair

Manager, Energy Management Services | ATCO

David Conn is a Bachelor of Commerce graduate of the University of Calgary and has extensive sales, marketing and business development experience in a diverse range of industries.

David joined ATCO's Gas Distribution Division in November 2011 and is currently Manager, Energy Management Services, leading ATCO's team providing energy efficiency services.

David's team also supports a variety of ATCO's innovation initiatives which enable customers to manage and reduce their energy costs and emissions using Alberta's abundant and affordable natural gas.

These initiatives include combined heat and power (CHP), compressed natural gas (CNG) for transportation fleets and renewable natural gas (RNG).

David is Board Chair of both the Alberta Energy Efficiency Alliance (AEEA) and the Canadian Natural Gas Vehicle Alliance (CNGVA).
