

Kelsey Chegus, Director

Operations Lead - P.Eng., LEED Green Assoc.
SAIT Green Building Technologies

Kelsey's professional path has included roles in the non-profit, public, and private sectors over the last 15 years including community development, energy management and sustainable buildings.

Her passion for working towards sustainable energy solutions and energy efficiency has been the common thread throughout her career.

Kelsey is currently working with the SAIT Green Building Technologies applied research team as the Operations Lead, and she lives in Calgary with her family.

She also currently serves as the President of the Alberta Chapter of the Association of Energy Engineers.

She completed her B.Sc. Mechanical Engineering from the University of Alberta, and she is a registered Professional Engineer.
