The AEEA is happy to announce the launch of registration for the 2021 Alberta Energy Efficiency Summit. This year's Summit will be a two-day virtual event taking place **May 18-19, 2021**.

Over the course of the event, you will have the opportunity to learn from a number of industry experts, gather new insights and network with your industry peers.

The Alberta Energy Efficiency Summit will leverage the latest technology available in virtual event platforms to ensure the event provides a valuable experience and time well spent.

## Member and Stakeholder Survey

The AEEA is surveying its members and stakeholders to find out what is important to you when it comes to energy efficiency in Alberta and the Alliance's role in increasing energy efficiency uptake in the province.

### AEEA Member and Stakeholder Survey

The Alberta Energy Efficiency Alliance is surveying its members and key stakeholders to identify short and long term priorities for the organization.

The survey should only take 10 minutes to complete.

The deadline to complete the survey is April 5, 2021.

If you are interested in sharing your perspective on potential AEEA priorities, please complete the [survey](#) by Monday, April 5th.

## City of Calgary Climate Symposium

The City of Calgary is hosting a free Climate Symposium covering a range of topics including:

- How Calgary can prepare for the impacts of a changing climate.
- How Calgary can leverage economic recovery from the COVID-19 pandemic to unlock new business opportunities and strengthen climate change resilience.
- Innovative solutions to climate change and much more.

Connect with community leaders, entrepreneurs, prominent climate experts and City staff for a series of unique learning opportunities at the Calgary Climate Symposium, March 25-26, 2021.

Find out more at the City of Calgary [website](#).

# Alberta Municipal Solar Program

The Municipal Climate Change Action Centre (MCCAC) is looking for municipalities interested in participating in their Municipal Solar Program.

This is the last year for the program so don't delay! Go to the MCCAC [website](#) for more information.

## Membership

Our active and diverse members are the main drivers of the work we do to educate, collaborate and advocate for our industry and the economic and climate benefits of energy efficiency.

Become a member and add your voice to sustain a market-driven energy efficiency industry in Alberta.

[Learn More](#)

As a valued participant in the **AEEA Member Network**, you will benefit from:

- Quarterly All-Member meetings with insider market updates and industry-leading guest speakers.
- Hear first-hand about new and emerging program and policy developments.
- Build your organization's profile through the AEEA website and events.
- Networking and collaboration with other energy efficiency industry leaders.
